# Holiday from Home

Travel Tombola with Charlotte

Make your own Travel Tombola game and start an imaginary journey around the world and create a game to play with your family!

In this session you will create your own game!

What you will need

- An Egg Box
- Ask an adult to help you pick a jar(without labels)
- A Sheet of Paper
- Felt Tip Pens or Coloured Pencils
- Wrapping
- Paper or old magazines or old maps or plain paper which you decorate with your own illustrations
- A Pair of Scissors
- PVA Glue (and brush if needed) or Gluestick
- Sellotape
- A Pencil
- A World Atlas or a Globe or a world map you can access online!

Charlotte's top tips for even more fun...
- Play the game with your family and friends
- What other countries do you want to add to the tombola?
- Why not go one step further and see if you can draw the flag of the country you have picked?

Step by Step Guide - Make a Travel Tombola Game

STEP 1- Create a label for your Tombola! (see photo below)
- Get your sheet of paper and a pencil and draw around the lid of your jam jar.
- Now take your scissors and cut out that circle
- Use felt tips to write on the circle 'Travel Tombola'
- Use glue to stick your paper circle onto the lid.

STEP 2- Make coloured tickets to go inside! (see photo above)
- Using some of your remaining paper; get your scissors and cut three long strips roughly measuring about 5cm wide.
- Now take your felt tips and colour each strip a different colour
- Cut each strip into four, so you have x12 tickets in total

STEP 3- Find some destinations to go on your tickets! (world map above)
- Now look at a world map and pick out x12 cities or countries you would be interested in visiting or places that sound interesting which you have never heard of!
- On the back of each coloured ticket write a destination and then fold the ticket up... so no one can see it!
- Put all your tickets into the jam jar and close the lid

STEP 4- Make a cover for your Tombola stand (aka egg packet!)
- Get your egg packet and cover it in glue, now wrap it up like you would a gift in any wrapping paper you have available. I have wrapped mine in an old map but you can use plain paper, wrapping paper or anything you can find!
- Feel free to use sellotape to tape down the ends, if glue doesn't work.

STEP 5- Add travel questions to bottom of your Tombola Stand
- Now cut out a small piece of paper which will fit onto the flat side of your covered egg packet
- On this piece of paper write questions you would like to find out about each destination in the jar. (See photos below)
- I have written the following: Where is your destination in the world? What language is spoken there? What food is it famous for? What are the top 5 things to do there?
- Feel free to come up with your own questions based on your interests or copy some of mine!
- Once your questions are written, stick them onto the flat side of your covered egg packet (Tombola Stand)
- Now turn your egg packet upside down, so you can feel the grooves in the bottom and slide your tombola to sit comfortably on the grooves. (see below)
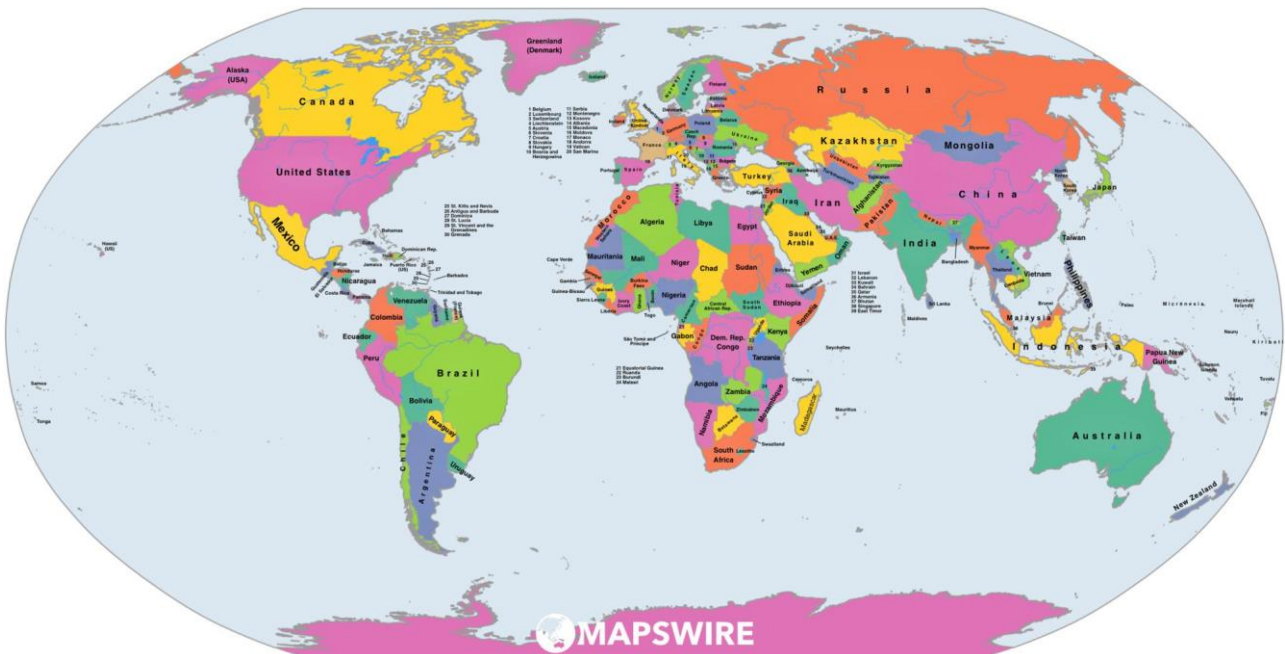

STEP 6- Now you can play the Travel Tombola Game! Here's how...

• Open your tombola and pick out a ticket. Unfold your ticket and find out your destination. You are now going to...

• Turn over your tombola stand and look at the questions you have listed on the back, you will now need to go online and see if you can answer those questions!

• Using a paper and pencil, write down the answers to each question and any other information you find interesting about your destination.

If you want, you could now write your very own travel guide or simply share your new findings with others so everyone learns more about the places we can visit in the world. Do this again and again and discover more and more countries hidden in the jar.

Enjoy travelling the world!
