INSTRUCTIONS

*Your plant pot is made up of 5 pieces:
1 x base, 2 x rectangle side pieces and 2 x 'v' shaped side pieces.*

- 1** First you need to take the 1 x base piece and 2 x rectangle side pieces. Along the long edge of the base piece, take a rectangle side piece and push the slit on the base into the hole on the rectangle piece. Repeat on the other side.
- 2** Now take 1 x 'v' shaped side piece. Along the shorter edge of the base, push the slit into the hole on the bottom of the 'v' shaped piece, and then the holes above this into the slits of the rectangle side piece. Now repeat on the other shorter side. Your plant pot should now be ready.
- 3** With nature as your inspiration, use the pencil to draw a design onto your plant pot.
- 4** Now it's time to paint. Fill the paper cup with water so you can clean your paint brush when needed.
- 5** Open the paint pots and use your paint brush to paint your design. Once finished, leave to dry.

Your plant pot will last longer if kept indoors.

Well done - Happy planting!
